SHANIKA WIJEWICKRAMA

Information Technology Undergraduate

I am an ambitious person with a great passion for IT with excellent time management skills and complete each task efficiently and to the highest possible standard within the given time frame. Able to work in a team, work well independently, and work with a wide range of people. Looking for an internship opportunity in the field of IT where I can put my knowledge into practice and ultimately benefit the operations of the organization I work for.

WORK EXPERIENCE

Software Engineer Intern   NOV/2022 - MAY/2023
SriLankan Airlines Ltd. Katunayaka.

- Collaborates with designers to create clean interfaces
- Experienced in UI/UX designing for websites revamping. Ex: Figma.
- Completed detailed programming and development tasks for the frontend. Ex: Angular, Bootstrap.
- Performed quality assurance tests (Manual) to find bugs and optimize usability.
